Course Schedule and Requirements for Seminar 23160, Spring 2026

LATEST	TASK
By Sunday Jan 18, 12:00 (Moodle)	Register for the course in SISU and submit: - Registration form - Preliminary research plan in Moodle The registration form contains information about you and your prior knowledge. By submitting the registration form, you commit to reserving the seminar weeks so that you can attend the seminars that apply to you. The seminars are held only in class at Hanken. The preliminary research plan outlines your intentions for the thesis. You may state a preferred supervisor, although this request may not necessarily be fulfilled.
Monday Jan 19, 10:15-11.45	Attend course introduction **(mandatory).** Location: A403. Read course material in Moodle.
Week 4	Supervisors assigned and announced in Moodle.
Week 4	Contact your assigned supervisor to schedule a meeting about your research plan.
Sunday Feb 1, 16:00	**Deadline to submit research plan** in Moodle. Agree on discussion time with supervisor.
Monday March 2	Complete 3 self-tests in Moodle before Seminar 1 submission.
Monday March 2, 12:00	**Deadline: Submit Seminar 1** in Moodle. Check for plagiarism, revise if needed. Supervisor evaluates it.
Friday March 6, 16:00	**Peer Support Report Deadline**: Discuss group work and write one joint report (strengths, improvements, AI use). Submit in Moodle. (25% of grade)
Monday to Friday March 9-13 8:30-17:30	Attend **Seminar 1 week**. Present your work, act as opponent, and attend other seminars. Submit presentation and opponent materials in Moodle before seminars.
Wednesday April 1, 12:00	Revise and **deadline to submit methodology chapter** + rest of the paper in Moodle. Supervisor evaluates. Start collecting data.
Monday May 4, 12:00	**Deadline: Submit Seminar 2** in Moodle. Plagiarism check, revise, submit. Upload presentation materials.
Friday May 8, 16:00	**Peer Support Report Deadline**: Write and submit second group report. (25% of grade)
Monday to Friday May 11-15	Attend **Seminar 2 week**. Present your work, act as opponent, and attend other seminars. Submit materials in Moodle.

If the thesis is completed and submitted for assessment in October for the autumn course or in March for the spring course, it is possible to receive a grade for the seminar course without participating in the Seminar 2 activities.
